Resolution No 3/2025

**of the Council of International Environmental Doctoral School
associated with the Centre for Polar Studies at the University of Silesia in Katowice (IEDS)
of 4th March 2025
on the schedule of mid-term evaluation in the academic year 2024/2025**

Pursuant to Section. 3(1) of Annex 3 to the Resolution no. 503 of the Senate of the University of Silesia in Katowice of March 19, 2024, regarding specifying the Regulations of the International Environmental Doctoral School associated with the Centre for Polar Studies at the University of Silesia in Katowice (IEDS), the IEDS Council adopts the schedule of mid-term evaluation in the academic year 2024/2025:

1

The mid-term evaluation in the International Environmental Doctoral School associated with the Centre for Polar Studies at the University of Silesia in Katowice in the academic year 2024/2025 will be held in the period from June 30, 2025, to September 30, 2025, with the reservation that:

1. The deadline for submitting the report on the implementation of the Individual Research Plan (IRP) will be at least two weeks before the scheduled date of the open scientific seminar, during which the doctoral student will present the progress in the implementation of the IRP and the status of the doctoral project, but no later than August 30, 2025.
2. The dates, manner and place of conducting open scientific seminars, during which doctoral students will present progress in the implementation of the IRP and the status of the doctoral project, will be made public via the IEDS website.
3. Open scientific seminars referred to in Section 1(2) may be carried out:
 - 1) at the headquarter of the IEDS Entity (stationary mode);
 - 2) using electronic means of communication, ensuring, in particular, real-time transmission of the seminar between its participants and real-time multilateral communication, enabling participants of the seminar to speak - while maintaining the necessary security procedures (remote mode);
 - 3) at the headquarter of the IEDS Entity with the simultaneous transmission of the course of the seminar in real time, using electronic means of communication, for participants of the seminar staying outside the premises, in a way that ensures multilateral communication in real-time, during which participants of the seminar can speak - while maintaining the necessary safety procedures (hybrid mode).
